SPALDING'S

ATHLETIC LIBRARY

Spalding's Athletic Library is the leading library series of its kind published in the world; in fact, it has no imitators, let alone equals. It occupies a field that it has created for itself.

The Library was established in the year 1892, and it is conceded by all authorities that Spalding's Athletic Library has been an important factor in the advancement of amateur sport in America.

The millions that read the Library during the year will attest to its value. A glance at its index will disclose the remarkable field that it covers. It is immaterial what the pastime may be, you will find in Spalding's Athletic Library a reference to it, either in a book devoted exclusively to that particular game or in some of the books that cover many sports.

It has been the aim of the editors to make the books *Official*, and they *are* recognized as such, all the important governing bodies in America granting to the publishers of Spalding's Athletic Library the exclusive right to publish their official books and official rules.

The best authorities in each particular line of sport or physical culture, the men best qualified to write intelligently on their respective subjects, are selected to edit the books and, as a result, there is not another series in the world that is as authoritative as Spalding's Athletic Library.

No matter what new game or form of sport be conceived or advanced, it is invariably the aim of the publishers to have a book on that sport. In that way Spalding's Athletic Library is in the field at the beginning of the sport, follows it year in and year out, and there can be no doubt whatever that the present popularity of athletic sports can attribute the same to the "backing" it has received from Spalding's Athletic Library.

Introduction

Let me introduce the seventh annual GUIDE of the National Association of Professional Base Ball Leagues. While we acknowledge the superior all around information contained in the Spalding Base Ball publications this year, that is, the Spalding Base Ball Record and the Spalding Annual Base Ball Guide, we claim the minor league Guide has a mission to fill in Base Ball, as it contains matter specially selected to interest and keep posted those who follow the great game from one end of the country to the other. This Guide is published in the sole interest of the minor organizations, allowing the more pretentious Guide to take care of the major leagues.

Since the first publication of this hand-book the organization has grown four-fold, and the end is not yet in sight. This annual contains Agreements, Rules, Regulations, Records and Schedules, as well as general information that should interest the lovers of the national sport as well as the business men of the game and army of ball players.

T. H. M.

HON. THEODORE ROOSEVELT.

President Roosevelt a Life Member

The National Board of the National Association of Professional Base Ball Leagues thought it would be a graceful thing to have as the first life member of the association the distinguished President of the United States. The matter was first suggested by T. H. Murnane, one of the members of the Board, and taken up at once by Secretary John H. Farrell.

On May 16, 1907, President P. T. Powers of New York, Eugene F. Burt of San Francisco and Secretary John H. Farrell of Auburn, N. Y., as a committee from the Board, went to Washington and were received at the White House by President Roosevelt. Mr. Powers presented to the President Secretary Farrell, who made the presentation speech. In accepting the card of membership the President expressed his warm thanks and said he regarded Base Ball as the typical game for Americans. He concluded by assuring the delegation that the game would always have his good wishes.

The card is of the regulation Base Ball season ticket size, with the President's photograph engraved in enameled gold, and the names of the leagues embracing the National Association.

The delegation was delightfully entertained, and afterward declared that Theodore Roosevelt was no mollycoddle President.

Seventh Annual Meeting of the National Association

The seventh annual meeting of the National Association of Professional Base Ball Leagues was held at the Fifth Avenue Hotel, New York City, October 29, 30 and 31, 1907.

The attendance was the largest in the history of the organization, and most of the time was taken up by the National Board in deciding about forty cases. The convention was simply a gathering of Base Ball men from all over the country, to ratify the good work accomplished by Secretary John H. Farrell and the National Board.

President Joseph D. O'Brien of the American Association made a vigorous stand to have the Southern League, the Pacific Coast League and the Western League relegated to Class B, claiming that they had not the required population to entitle them to the higher classification.

The Eastern League alone voted with the American Association, and President O'Brien took his defeat gracefully.

James H. O'Rourke, the veteran Base Ball man of this country, as player and owner, fearing that contract-jumpers were being too lightly dealt with after having been put on the ineligible list by a compact of the National Commission and National Board, offered a resolution calling the attention of the National Commission to the danger of proceeding too rapidly with the contract-jumpers, and soliciting the minors to keep hands off of these men until cleared of the charge of contract-jumping.

Mr. O'Rourke's resolution was passed by an unanimous vote, and later the National Commission saw the wisdom of the resolution and cleared the Base Ball atmosphere by ruling that hereafter players on the ineligible list of the minor leagues must first have their case heard by the National Board.

President Harry C. Pulliam of the National League took exceptions to the O'Rourke resolution, and was misled into believing that it was intended for players already placed on the ineligible list, several of whom had been reinstated by the National Commission. As there were no names given with the

resolution and the National League president got his impression from a long list published in New York daily papers there was much friction. The minor league people stood by their ships in a dignified way until the hurricane passed over and the bright sun of absolutely honest methods broke through the clouds, with the sport perhaps better for the little misunderstanding.

While men differ the game rolls on, having the support of honest men who have no use for contract-jumpers.

The voting delegates are included in the following list of minor league notabilities:

American Association—Joseph D. O'Brien, Thomas J. Bryce, R. Quinn, W. Armour, Charles Carr, Ed. Ashenbach, W. Clymer.

The above officers have been elected for the full term of the Agreement, with three years yet to run.

The Salary Limit

The most vital question before the minor leagues of this country is the salary limit. As the leagues are classified according to population the limit of money the clubs can stand for the players' services must be graded according to the importance of the different organizations.

It is not necessary for all the leagues in Class A to have the same salary limit. For example, the American Association and the Eastern League should be well able to pay a monthly limit of at least \$1,000 more than the other members of that class. The same reasoning holds good with the Class B leagues.

The important feature of the salary question is when and where to stop, and the evident fact that but few clubs are honestly living up to the agreements they enter into with each other.

When ordinary business men enter into an agreement for the protection of all they generally live up to the letter as well as the spirit of the document. But not so with Base Ball people, who have in the past considered it clever diplomacy to get a winner at the expense of the other clubs of the league by paying little attention to the signed agreement relative to the amount of money to be paid out.

Club owners have no right to complain about the demands of the ball players when they fail to live up to their own agreements. Every league should be just as liberal as possible, but when it comes to losing money the most enthusiastic follower of the sport will soon develop cold feet and find more congenial amusement.

As a matter of pure business—for professional ball playing is business—the salary question should be always uppermost in the mind of the men who enter into agreements to live within the law.

The game can be perpetuated in only one way. The gate money must pay expenses, and the great army of young men who hope in the future to gain the front ranks of the profession and carry off the big money will have this opportunity only by the continuance of the game as a profession, and there is not one chance in ten that the clubs and leagues will con-

tinue to live and thrive if the salary limits agreed to are ignored

The magnate or manager who openly violates the salary limit, and is reckless with the gate money for the purpose of winning glory, is a marked enemy of organized Base Ball.

If the magnates remain true to their agreements the game will live and thrive as a profession, and the best of the players will continue to rise within reach of the big money and get their share.

Leading Batsmen of Classes A and B

For the purpose of giving a fair and accurate comparison of ball players' worth as batsmen we publish a table of figures classifying the players by taking from the Class A leagues all who have taken part in fifty games or over, and who have hit for three hundred or over, covering exactly the same ground for the Class B leagues. For a better comparison the figures are published side by side.

It will be found among the Class A players entitled to a place in these records ten men who have gone out from the major leagues and seven from the Class B leagues. Of the seventy-one players entitled to a place in these exceptionally good records, only fifteen have been taken to the major leagues this season for a try out, and what is more interesting still is the fact that the veteran Jake Beckley leads the players in batting with the unusual high mark of .365.

Among the ex-major league players we find "Buck" Freeman, who stands No. 5 in the Class A combination, while Jesse Burkett stands No. 5 in the Class B leagues. William Hamilton, another ex-big league player, stands No. 8 in Class B. Both Hamilton and Burkett had the distinction of leading the National League for a full season. Every player who got his name on the list herewith published must be considered a first-class batsman, for no freaks could hit a three-hundred clip for fifty games. Besides the names mentioned we find Carr, Smoot, J. Kelley, McCreary, Wolverton, J. McCarthy and J. O'Neill, players who showed they could hit in fast company.

The high-class hitters of America number less than two hundred, and at least half the players mentioned in these tables must be numbered with the elect. There is a trite and true saying among ball players that "you can teach a player to field, but batting must come natural."

The .300 mark is considered the charmed circle for batsmen in organized Base Ball, where records are accurately kept by experts.

The new scoring rules for 1908, where a batsman is given a sacrifice where he brings a man home from third on a "fly to the outfield, will help to increase the batting records, while at

the same time no better work need be performed by the player. This will make comparisons rather difficult, to the disadvantage of the players who worked under the old system of scoring.

Men Who Made the Game

Do professional Base Ball players ever stop to think of the wonderful strides that have been made in the national sport, and reflect for a moment how it became possible to bring this outdoor pastime to such perfection, not only on the ball field but in the management of the business?

The writer well remembers when there was but one league in the country—and that was composed of only six clubs. This was thirty years ago, while to-day we have sixteen major league clubs, and at least one hundred cities supporting the game in splendid style.

Let us note the names of those who were responsible for uplifting the sport when friends were valuable. Harry Wright was the pioneer in developing the professional end of the game, and the monument erected to his sweet memory by the lovers of the game in Philadelphia stands for clean sport, and is a reminder of those who fought hard in the early days of the game to better the condition of the player and make wholesome a sport fit for a king and his subjects alike.

The game was badly in need of a master hand to run the executive end of the business at a time when hidden rocks lay on every side of the Base Ball ship. Then up rose Hulbert of Chicago, the Abraham Lincoln of our grand old game. A fearless leader for the right. Others sang:

“Oh, could we do with this world of ours
As thee with thy golden garden bowers,
Reject the weeds and keep the flowers,
What a Heaven on Earth we'd make it.”

Hulbert was no dreamer, but a big, brainy man, full of electric sentiment. He went after the objectionable characters in the leading organizations, and tearing the mask from their faces declared:

“Gentlemen, we must have new conditions for the game; must live,” and selecting a few apostles from out the breadth of the land, he created the National League.

Hulbert was an able lawyer, but was not thoroughly versed in the fine points of Base Ball; but he took his cue from A.

G. Spalding, who was the brains of the National League for nearly twenty years. Spalding had been a great player in the pioneer days of the game and could fully appreciate what was fair to the player and just for the man willing to back the sport as a clean business proposition.

Without going into a sketch of those who did much for the game we will mention:

A. H. Soden, who for thirty years controlled the Boston club; George Howe of Cleveland, John B. Day of New York, Senator Morgan G. Bulkeley of Hartford, Conn.; Nicholas E. Young of Washington, D. C.; Robert Ferguson of Brooklyn, Benjamin Douglass of Middletown, Conn., and John I. Rogers of Philadelphia. Then comes a line of players, including "Deacon" James White, John F. Morrill, George Wright, Hardy Richardson, A. C. Anson, Joe Start, John Burdock, Ezra Sutton, John Clapp, James H. O'Rourke, John M. Ward, Ed Hanlon, Arthur Irwin, Mike Kelly, Dan Richardson, Arthur Whitney, Al. McKinnon, Michael Dorgan, Wes Fister, Charley Comiskey, Ted Sullivan, Thomas Loftus, Roger Connor, and Timothy Keefe. The above are named because I have a personal knowledge of their good work in materially helping to build up the game in their own modest way, and a way that counted for much.

As time rolls on and the men who carried the load, when the roads were rough and crooked, drift into the mighty Base Ball whirlpool, we are likely to forget, standing between the delightful Base Ball characters of the past and the whirling, crowding army of magnates, managers, and players of the present. It is like a cool drink of water on a desert plain to lift the curtain and say to the old boys:

"You built better than you knew."

Base Ball has many good men in charge of the sport to-day, but the game now follows precedents, and the guide posts of the past are ever in sight. The game was purified by the men mentioned above.

Protection and Membership

FEE FOR PROTECTION AND MEMBERSHIP.

For each club in Class A, the sum of \$100.

For each club in Class B, the sum of \$50.

Such payments to be made within thirty days from the date of filing the written application for membership and annually thereafter on the 15th day of October in each year.

SELECTION OF PLAYERS BY LEAGUES.

For the purpose of enabling players to advance in their profession and to assist in building up leagues, a club of a higher class shall have the right, after October 15 of each year, to select players from a league in a lower class during the following period :

Class A between October 15 and November 15.

Class B between November 15 and December 15.

Class C between December 15 and January 15; upon payment to the Secretary of the Board.

TERMS FOR SELECTION OF PLAYERS.

Clubs from a higher class selecting players from leagues of a lower class shall pay to the Secretary of the Board for the benefit and account of the club from which the selection is made, the following sums, viz.:

For players in Class B, \$500.

For players in Class C, \$300.

For players in Class D, \$200.

Full payment to be made at the time of selection; provided, however, that not more than two players shall be selected from each club of said class. No player can be drafted from one club in a league, by a club of higher classification, and turned over to another club in the same league from which the player was drafted.

Clubs losing players through selection by draft shall immediately turn over to the selecting club the contract of the player so selected. Failure to forward such contract to the Secretary

within fifteen days will subject such club to a fine of \$25.00. The Secretary to hold in his possession the draft money received for such player or players until his contract shall have been received, and to deduct from said draft money any fine which said club shall have incurred by its failure to file with the Secretary said player's contract within the fifteen days prescribed.

The maximum monthly salary limit, per club, of the several leagues below Class A, classification of which is to be governed by Article XXXIV, shall be fixed by the individual leagues, and said maximum limit shall at once be filed with the Secretary of the National Board.

After the opening of the championship season in each of the leagues, hereby affected, it shall be the duty of the National Board to enforce said salary limits.

Upon complaint of any league club that certain leagues or clubs are violating said limit, it shall be the duty of the Secretary of the Board to arrange for a meeting of the league of which the offending club or clubs are members, and said offending clubs must submit their books for the inspection of the Secretary of the National Board, or such member of the Board as he may delegate to represent him at such meeting, and upon it being shown to the satisfaction of the Secretary, or his representative, that said salary limit is being exceeded, the offender or offenders shall be given ten days in which to readjust players' salaries so as to get within the maximum limit prescribed by that league.

Any club failing to comply with the decision of the Secretary, or his representative, under this section, shall be subject to a fine of \$25.00 per day for every day it fails to comply, said fines to be converted into the treasury of the National Association.

Clubs under the protection of this Agreement are strictly prohibited from advancing any money to players on account of salary, except for the purpose of transportation.

Any club member of this Association may negotiate with a club member of another league, party to this Agreement, for the release of a player from another league to take effect after October 1 of the same year, or for an immediate release if the constitution of such league permits, and such release shall at once be filed with and promulgated by the Secretary of the Board and become binding upon both clubs party to the transfer.

Any club member of a league, party to this Agreement, may at any time during its championship season negotiate for the immediate release of a player from a club member of another league where the league constitution of the releasing club per-

mits, and such release, if secured, shall, when filed with the Secretary of the Board, become binding upon both clubs party to the transfer, providing the salary of the player so transferred during the championship season shall not be reduced during the balance of the season, unless he be given an unconditional release.

CONTRACTS.

Contracts between clubs and players shall be in writing in the form approved by the National Board. An informal contract, whether evidenced by telegrams or other writing, shall be valid for a period not exceeding fifteen days, but a formal contract must be tendered by the contracting club to the contracting player within said fifteen days. The failure of the club to so tender such formal contract will release the player from all contractual obligations thereunder, and the refusal of the player to execute such formal contract, when so tendered, shall extend the validity of his informal contract until he shall execute said formal contract.

Most Important Document Known to Base Ball

Every one connected with the professional end of Base Ball should make a careful study of the *Agreement* entered into between the major and minor leagues, and termed the *National Agreement*. The rights of each governing power are clearly laid down, and it will be seen that there is no such thing as a *Supreme Court* of Base Ball. Each party to the *Agreement* has the right to regulate its own affairs according to its own rules and regulations, confining its laws within the boundary lines of the agreement, of which there are two parts, the major leagues being the party of the first part, and the National Association of Professional Base Ball Leagues being the second party to the compact.

The National Commission has the power to regulate the affairs of the major bodies, while the National Board has the same power to regulate the affairs of the minor body.

Section 1 of Article IV, makes it plain that the National Commission has no right to interfere with the internal affairs of the minor organization.

When this document was drawn up it was considered wise to give the National Commission the power to carefully protect the rights of the ball player.

The document is as near perfect for the good of all as possible to make it, and if lived up to, there can be no misunderstanding between the two great governing powers.

The minor leagues were flourishing with a clear line of independence and perfectly able to continue along the liberal lines laid down by the founders of the new organization, when it was considered good policy to co-operate with the major leagues, for the protection and benefit of all. Working together the game would prosper, while operating independently both were bound to suffer, as the property rights of all were of little value as a substantial asset.

While acting under the National Agreement, the great minor organization work under a compact called the National Association Agreement, a document so well conceived that the officers have very little trouble in handling nearly forty leagues scattered through every State in the Union.

We like to keep the National Agreement before the eyes of the Base Ball public through the Official Guide of the minor leagues, so that the men who have their money invested can appreciate their exact connection with the great major leagues, who operate in a small territory, and become very powerful as the result of financial advantages, but who in no way dominate the broad and wholesome minor league field.

With liberal-minded and fair men composing the membership of the National Commission there can be no danger, but time may bring forth arbitrary conditions as the result of changes in the personnel of this powerful body, and the minors must always be on the alert to keep sane and able men in command of their own organization.

The make-up of the governing powers of both the major and minor leagues of the present time come in for the highest commendation, and should receive the honest thanks of those financially interested, whether as magnate or ball player.

This document was entered into September 10, 1903.

NATIONAL AGREEMENT FOR THE GOVERNMENT OF PROFESSIONAL BASE BALL.

PREAMBLE.

This Agreement, made and entered into by and between The National League and American Association of Professional Base Ball Clubs, and the American League of Professional Base Ball Clubs, known and designated herein as Major Leagues, parties of the first part; each with the other and both, jointly and severally, by and with the National Association of Professional Base Ball Leagues, known and referred to herein as Minor Leagues, party of the second part, shall be styled the National Agreement, and shall have for its objects:

(1) Perpetuation of Base Ball as the national pastime of America, by surrounding it with such safeguards as will warrant absolute public confidence in its integrity and methods, and by maintaining a high standard of skill and sportsmanship in its players.

(2) Protection of the property rights of those engaged in Base Ball as a business without sacrificing the spirit of competition in the conduct of the clubs.

(3) Promotion of the welfare of ball players as a class by developing and perfecting them in their profession and enabling them to secure adequate compensation for expertness.

(4) Adoption of a uniform code of rules for playing Base Ball.

ARTICLE I.

Section 1. This Agreement shall be indissoluble except by the unanimous vote of the parties to it, and if any of said parties withdraws from it, or violates any of its fundamental principles, the party so withdrawing or offending shall be treated as the enemy of organized Base Ball.

ARTICLE II.

Section 1. Each party to this Agreement retains the right to conduct its affairs and govern its players according to its constitution and by-laws.

ARTICLE III.

Section 1. On or before March 1st of each year, a committee of three from each of the Major Leagues to this Agreement,—the National and American League—shall meet and adopt a code of rules to regulate the playing of the game of Base Ball for the ensuing season, a majority vote being required to adopt, revise or repeal a rule.

ARTICLE IV.

Section 1. A commission of three members, to be known as the National Commission, is hereby created with power to construe and carry out the terms and provisions of this Agreement, excepting when it pertains to the internal affairs of the National Association. One member shall be the President of the National League and one the President of the American League. These two members shall meet, on or before the first Monday of January in each year, to elect by a majority vote a suitable person as the third member. The third member so chosen shall be the Chairman of the Commission for one year from the date of his election, and shall preside at all meetings. Each member shall have a vote on all questions which may come before it, except as hereinafter directed. A Secretary shall be elected yearly. The salary of the Chairman shall be \$.....per annum, in addition to living and traveling expenses incurred in the discharge of his official duties. Other members of the Commission shall serve without compensation. The salary of the Secretary shall be \$.....per annum. Immediately after the election of a Chairman and Secretary, the Commission shall proceed to the transaction of such business as may properly come before it.

Sec. 2. Sessions of the Commission, in addition to the annual meeting on the first Monday in January of each year, shall be held at the call of the Chairman, or at the request of the two other members of the Commission.

Sec. 3. The National Commission shall have the power to inflict and enforce fines or suspensions, or both, upon either party to this Agreement, who are adjudged by it to have violated the letter or spirit of this Agreement.

Sec. 4. Whenever a National League Club or an American League Club claim the services of the same player by selection, reservation or contract, the right to said player shall be established by the decision of the Chairman of the Commission, who shall determine the ease on the law and evidence without the aid of either of his associates.

Sec. 5. Whenever a National League Club and a Minor League Club cannot amicably arrange differences over a player, the testimony shall be heard and the case adjudicated by the Chairman of the Commission and the representative of the American League. If the contention be between an American League Club and a Minor League Club, the decision shall be made by the Chairman of the Commission and the representative of the National League. If the Chairman of the Commission and the Major League member entitled to vote on any question arising between a Major and Minor League Club, shall not agree, the Chairman's findings shall determine the case.

ARTICLE V.

Section 1. The circuits of each Major League shall consist of the following cities:

NATIONAL LEAGUE.

Boston.
New York.
Brooklyn.
Philadelphia.
Pittsburg.
Chicago.
St. Louis.
Cincinnati.

AMERICAN LEAGUE.

Boston.
New York.
Philadelphia.
Washington.
Cleveland.
Detroit.
Chicago.
St. Louis.

Neither Major League circuit shall be changed without the consent of the majority of the clubs of each Major League. It is further provided that there shall be no consolidation in any city where two Major League Clubs exist; nor shall any club transfer or release its players for the purpose of injuring or weakening the league of which it is a member; provided, however, that the circuit of either Major League may be changed by transferring either of the above mentioned franchises to some other city on consent of the majority of the clubs of each Major League. Provided, further, that if either of the Major Leagues in changing their circuits shall choose a city in which a club of the National Association is located, such Major League shall then be required to pay to the league in the National Association of which such city may be a member, the sum of \$2,500. Provided, further, that when a Major League shall change its circuit and choose a city in which a club of the National Association is located, such club shall be compensated for any assets that they may have by the club desiring to locate in such city; and upon failure to agree upon such compensation, the matter shall be determined by arbitration, the arbitration committee to consist of three members, one of whom shall be the President of the National Commission, one a member of the Major League, other than the one desiring to locate in such city, and the third a member of the National Association. The finding of a majority of said committee to be final.

Sec. 2. The party of the second part hereby guarantees that none of the leagues in its membership shall establish or maintain a club in a city on the circuit of either Major League, or within five miles of the limits thereof, without the consent in writing of the Major League Club or clubs located therein and recorded in the office of the Secretary of the National Commission, Jersey City excepted.

ARTICLE VI.

Section 1. All parties to this instrument pledge themselves to recognize the right of reservation and respect contracts between players and clubs under its protection.

Sec. 2. Any club or league which harbors a player who refuses to observe his contract with a club member of any party to this Agreement, or to abide by its reservation, shall be considered an outlaw organization, and its claims to contractual and territorial rights ignored.

Sec. 3. The right and title of a Major League Club to its players shall be absolute, and can be only terminated by release or failure to reserve under the terms of this Agreement by the club to which a player has been under contract. When a Major League Club serves notice of release on one of its players he shall be ineligible to contract with a club of another league if, during ten days after the service of such notice of release, a club in the league in which he has been playing shall demand his services.

Sec. 4. The practice of farming is prohibited. All right or claim of a Major League Club to a player shall cease when such player becomes a member of a Minor League Club, and no arrangement between clubs for the loan or return of a player shall be binding between the parties to it or recognized by other clubs.

Sec. 5. The National Association shall have the classification of its leagues, and the adoption of a salary limit for its clubs according to such classification; and it agrees to withdraw protection from any league which allows any of its clubs to exceed the salary limit prescribed for leagues of its classification.

Sec. 6. The right of a Minor League Club to its players shall be absolute, except that from September 1st to October 15th of each year, Major League Clubs shall have the privilege of selecting players from the National Association Clubs for the following season, upon payment of \$750 for each player so selected from clubs in Class "A" leagues; \$500 for each player so selected from clubs in

Class "B" leagues; \$300 for each player so selected from clubs in Class "C" leagues; and \$200 for each player so selected from clubs of a lower class, the payments to be made to the Secretary of the National Association, through the Secretary of the Commission, as follows: One-half of the amount when the selection is made, and one-half of the amount on June 1st following, the player to revert to the club from which he was selected if the selecting club defaults on any of the payments, the player also to revert to the club from which he was selected, if when released he is not signed within ten days by a club of a Major League; provided, however, that not more than two players shall be selected from any Class "A" club during any one year.

Sec. 7. Any club entitled to make selection of a player, and desiring to do so, shall notify the Secretary of the National Commission, stating the name of the player and of the club to which he is under contract and reservation, and enclosing the amount specified in the preceding section to be paid for such release or draft. The Secretary shall thereupon notify the Secretary of the National Association, who shall thereupon immediately notify the club and league from which such selection shall be made, and shall order the transfer of the player to the selecting club at the close of the current season. Such selection and transfer shall thereupon be promulgated, and if such selection is revoked, or default made in payments, immediate notice thereof shall be given to the clubs of all parties to this Agreement, and any other club in the same league may be subrogated to the rights of the club defaulting in said payments, by paying to the club defaulting the sum so advanced.

Sec. 8. A Major League Club may at any time purchase the release of a player from a Minor League Club, to take effect forthwith or at a specified date, provided such purchase is recorded with the Secretary of the Commission and Secretary of the National Association for promulgation within five days of the date of the transaction.

Sec. 9. If a selected player is released within the year of, or the next year after his selection, by a Major League Club, and no other Major League Club claim him prior to the expiration of his notice of release, the Minor League Club which lost him by selection shall have the priority of right to him over all clubs.

Sec. 10. The selection of a player made by a Major League Club under an arrangement with a Minor League Club for the return of the selected player after the expiration of the period of selection, shall be void, and the National Commission shall impose a fine of \$500 on each club which becomes a party to a conspiracy to prevent a player from advancing in his profession, or in any way abusing the privilege of selection.

ARTICLE VII.

Section 1. On or before the 25th day of September in each year the Secretary of each party to this Agreement shall transmit to the Secretary of the Commission a list of players then under contract with each of its several club members for the current season, and in addition thereto, a list of such players reserved in any prior annual reserve list who have refused to contract with such clubs. Such players, together with all others thereafter to be regularly contracted with by such clubs (namely, those whose releases have been secured for future services by purchase or selection by draft under this agreement), are and shall be ineligible to contract with any other club of any league during the period of time between the termination of their contracts and the beginning of the next season. The Secretary of the Commission shall thereupon promulgate such lists. No club shall be permitted to reserve any player while in arrears of salary to him. Failure of a club to tender a contract to a player by March 1, shall operate as a release.

ARTICLE VIII.

Section 1. All contracts between clubs and players in the Major League shall be in a form prescribed by the National Commission.

Sec. 2. Any agreement between club and player for service, evidenced by written acceptance, whether by letter or telegram or receipt from player for money advanced to him to bind such agreement, shall be construed to be a contract and held to be binding, provided the player declines to enter into a formal contract, but his refusal to sign such formal contract shall render him ineligible to play with the contracting club for more than a period of ten days, or to enter the service of a club of any party to this Agreement unless released.

Sec. 3. When a player of a Major or a Minor League Club shall be suspended for a stated period or indefinitely, in accordance with his contract and the constitution and by-laws of the league of which his club is a member, the secretary of such association shall give notice of such disqualification to the Secretary of the National Commission, who shall at once promulgate the same, and such disqualified player shall not be eligible to play with or against the club of any party to this Agreement until such disqualification shall have been removed and notice of such revocation promulgated by the Secretary of the National Commission.

Sec. 4. In all cases before it for adjudication the National Commission shall have the right to require affidavits from parties in interest and other witnesses, and may demand the production of documentary evidence. Failure to furnish testimony under oath or affirmation or documentary evidence by a party in interest, within such time as may be specified by the Chairman of the Commission, shall result in the award of the case against the delinquent party.

Sec. 5. A player suspended by a club or league for a term longer than ten days shall have the right of appeal to the National Commission, which is given authority to order his reinstatement if it deems the punishment excessive or not merited. This and other questions may be determined by a mail vote by members of the Commission.

ARTICLE IX.

Section 1. The Secretary of the National Commission, who shall act as treasurer in addition to his other duties, shall furnish a sufficient bond for the faithful performance of his duties and the safekeeping of all moneys which come into his custody in the administration of his office. He shall keep the minutes of each meeting and preserve a correct record of all contracts, releases, reservations, selections, suspensions and reinstatements of players, and shall provide himself with an official stamp for certifying the time of receipt by him of all official documents.

Sec. 2. On the receipt of a notice of selection he shall note upon it in ink the amount of money accompanying it, the date and hour of its arrival, and adopt every precaution possible to prevent complications over the priority in time of the filing of selections of players by different clubs, and the club which first registers its selection of a player with the Secretary, as provided herein, shall be entitled to the services of such player.

Sec. 3. The Secretary shall prepare and promulgate all decisions and rulings of the National Commission, unless the chairman assigns the duty to himself or another member.

Sec. 4. The expenses of the Commission herein provided for shall be paid by the Major Leagues, share and share alike. Each Major League shall pay to the Secretary of the Commission \$500 for current expenses at the time of the adoption of this Agreement.

ARTICLE X.

Section 1. Every league shall strictly enforce the provisions in its constitution against open betting on its grounds and club officials

are required to cause the arrest and prosecution of those who engage in the practice.

Sec. 2. No game or series of games shall be played for a stake between clubs of any party to this agreement, nor shall any player of a club accept or agree to accept a sum of money or present of great value as an inducement or reward for special effort on his part in winning or trying to win a game.

Approved September 11, 1903.

The National League and American Association of
Professional Base Ball Clubs, by

HARRY C. PULLIAM,

President.

And the American League of Professional Base Ball
Clubs, by

B. B. JOHNSON,

President.

The National Association of Professional Base Ball
Leagues, by

P. T. POWERS,

President.

NOTE.—The original agreement was amended in 1907, to read that but one player could be drafted from Class "A," and the prices for drafting players should be \$1,000 for Class "A," \$750 for Class "B," and \$500 for Class "C."

Points Managers Should Know

The first notice of terms accepted received at Secretary John H. Farrell's office at Auburn, N. Y., shall be binding and hold the player. This must be followed by evidence, and the first notice should go by telegraph.

Non-reserve contracts are not allowed, and therefore not binding, although the National Board has the power to act in a case of this kind and might favor a player who was misled.

Failure to file with the Secretary of the National Association the contract of any player within thirty days after the time such player joins said club shall subject the club to a fine of twenty-five dollars for each and every offense.

All matters and writings involving National Association clubs and major league clubs shall pass through the secretary's office, and be made a matter of record in said office.

Ball players in the employ of minor league clubs with a grievance must first put their cases before the National Board. If the finding by that body is not satisfactory, the player has the right to appeal to the National Commission, whose decision shall be final.

Contracts made out to individuals are not binding. The name of the club (which must be in good standing) must be named, and the player becomes the property of the club and not any individual.

All National Association clubs shall be required to file with the secretary copies of the agreement entered into relating to the release by purchase of players by one National Association club to another. Releases containing options must read that the option shall be exercised on or before August 25 of each year, in order to comply with the drafting rules.

Copies of agreements between National Association clubs and major league clubs should also be filed in the secretary's office as a matter of record.

No club can reserve more than twenty players, including drafted, purchased, or reserved. This is a new rule and should be carefully lived up to.

No player will be allowed to go from one league to another at the close of the season, under penalty of a fine, and all games with such players shall be thrown out of the official standing.

The National Board has the power to discipline with fine or expulsion any player, owner or manager for assault on an umpire, and the feeling has grown so strong that anyone found guilty of work of the kind should be expelled.

CORRECT DIAGRAM OF A BALL FIELD

ENLARGED SECTION SHOWING HOME BASE.

Official Playing Rules Professional Base Ball Clubs

AS ADOPTED BY THE
NATIONAL ASSOCIATION OF PROFESSIONAL BASE BALL
LEAGUES.

1908 Amendments : Rule 14, sec. 4 ; Rule 85, sec. 5.

The Ball Ground.

RULE 1. The ball ground must be enclosed. To obviate the necessity for ground rules, the shortest distance from a fence or stand on fair territory to the home base should be 235 feet and from home base to the grand stand 90 feet.

To Lay Off the Field.

RULE 2. To lay off the lines defining the location of the several bases, the catcher's and the pitcher's position and to establish the boundaries required in playing the game of base ball, proceed as follows :

Diamond or Infield.

From a point, A, within the grounds, project a straight line out into the field, and at a point, B, 154 feet from point A, lay off lines B C and B D at right angles to the line A B ; then, with B as a center and 63.63945 feet as a radius, describe arcs cutting the lines B A at F and B C at G, B D at H and B E at I. Draw lines F G, G E, E H, and H F, which said lines shall be the containing lines of the Diamond or Infield.

The Catcher's Lines.

RULE 3. With F as a center and 10 feet radius, describe an arc cutting line F A at L, and draw lines L M and L O at right angles to F A, and continue same out from F A not less than 10 feet.

The Foul Lines.

RULE 4. From the intersection point, F, continue the straight lines F G and F H until they intersect the lines L M and L O, and then from the points G and H in the opposite direction until they reach the boundary lines of the ground, and said lines shall be clearly visible from any part of the diamond, and no wood or other hard substance shall be used in the construction of such lines.

The Players' Lines.

RULE 5. With F as center and 50 feet radius, describe arcs cutting lines F O and F M at P and Q; then, with F as center again and 75 feet radius, describe arcs cutting F G and F H at R and S; then, from the points P, Q, R and S draw lines at right angles to the lines F O, F M, F G and F H, and continue the same until they intersect at the points T and W.

The Coachers' Lines.

RULE 6. With R and S as centers and 15 feet radius, describe arcs cutting the lines R W and S T at X and Y and from the points X and Y draw lines parallel with the lines F H and F G, and continue same out to the boundary lines of the ground.

The Three-Foot Line.

RULE 7. With F as a center and 45 feet radius, describe an arc cutting the line F G at 1, and from 1 to the distance of three feet draw a line at right angles to F G, and marked point 2; then from point 2, draw a line parallel with the line F G to a point three feet beyond the point G, marked 3; then from the point 3 draw a line at right angles to line 2, 3, back to and intersecting with F G, and from thence back along the line G F to point 1.

The Batsman's Lines.

RULE 8. On either side of the line A F B describe two parallelograms six feet long and four feet wide (marked 8 and 9), their longest side being parallel with the line A F B, their distance apart being six inches added to each end of the length of the diagonal of the square within the angle F, and the center of their length being on said diagonal.

The Pitcher's Plate.

RULE 9. SECTION 1. With point F as center and 60.5 feet as radius, describe an arc cutting the line F B at line 4, and draw a line 5, 6, passing through point 4 and extending 12 inches on either side of line F B; then with line 5, 6, as a side, describe a parallelogram 24 inches by 6 inches, in which shall be located the pitcher's plate.

SEC. 2. The pitcher's plate shall not be more than 15 inches higher than the base lines or the home plate, which shall be level with the surface of the field, and the slope from the pitcher's plate to every base line and the home plate shall be gradual.

The Bases.

RULE 10. SECTION 1. Within the angle F, describe a five-sided figure, two of the sides of which shall coincide with the lines F G and F H to the extent of 12 inches each, thence parallel with the line F B $8\frac{1}{2}$ inches to the points X and Y, a straight line between which, 17 inches, will form the front of the home base or plate.

SEC. 2. Within the angles at G, I and H describe squares, whose sides are 15 inches in length, two of such sides of which squares shall lie along the lines F G and G I, G I and I H, I H and H F, which squares shall be the location of the first, second and third bases respectively.

RULE 11. The Home Base at F and the Pitcher's Plate at 4 must each be of whitened rubber, and so fixed in the ground as to be even with its surface.

RULE 12. The First Base at G, the Second Base at E, and the Third Base at H must each be a white canvas bag filled with soft material and securely fastened in place at the points specified in Rule 10.

RULE 13. The lines described in Rules 3, 4, 5, 6, 7, and 8 must be marked with lime, chalk or other white material, easily distinguishable from the ground or grass.

The Ball.

RULE 14. SECTION 1. The ball must weigh not less than five nor more than five and one-quarter ounces avoirdupois, and measure not less than nine nor more than nine and one-quarter inches in circumference. The Spalding National League Ball or the Reach American League Ball must be used in all games played under these rules.

SEC. 2. Two regulation balls of the make adopted by the league of which the contesting clubs are members, shall be delivered by the home club to the umpire at or before the hour for the commencement of a championship game. If the ball placed in play be batted or thrown out of the grounds or into one of the stands for spectators or in the judgment of the umpire, become unfit for play from any cause, the umpire shall at once deliver the alternate ball to the pitcher and another legal ball shall be supplied to him, so that he shall at all times have in his control one or more alternate balls. Provided, however, that all balls batted or thrown out of the ground or into a stand shall when returned to the field be given into the custody of the umpire immediately and become alternate balls and so long as he has in his possession two or more alternate balls, he shall not call for a new ball to replace one that has gone out of play. The alternate balls shall become the ball in play in the order in which they were delivered to the umpire.

SEC. 3. Immediately upon the delivery to him of the alternate ball by the umpire, the pitcher shall take his position and on the call of "Play," by the umpire, it shall become the ball in play. Provided, however, that play shall not be resumed with the alternate ball when a fair batted ball or a ball thrown by a fielder goes out of the ground or into a stand for spectators until the base-runners have completed the circuit of the bases unless compelled to stop at second or third base in compliance with a ground rule.

The Spalding League Ball has been adopted by the National League for the past thirty-one years and is used in all the League contests. It has also been adopted by the majority of other professional leagues and by practically all the colleges.

For junior clubs (clubs composed of boys under 16 years of age) we recommend them to use the Spalding Boys' League Ball, and that games played by junior clubs with this ball will count as legal games the same as if played with the Official League Ball.

Discolored or Damaged Balls.

SEC. 4. In the event of a ball being intentionally discolored by rubbing it with the soil or otherwise by any player, or otherwise damaged by any player, the umpire shall, upon appeal by the captain of the opposite side, forthwith demand the return of that ball and substitute for it another legal ball, as hereinbefore described, and impose a fine of \$5.00 on the offending player.

Home Club to Provide Balls.

SEC. 5. In every game the balls played with shall be furnished by the home club, and the last in play shall become the property of the winning club. Each ball shall be enclosed in a paper box, which must be sealed with the seal of the Secretary of the League and bear his certificate that he has examined measured and weighed the ball contained therein and that it is of the required standard in all respects. The seal shall not be broken by the umpire except in the presence of the captains of the contesting teams after "Play" has been called.

Reserve Balls on Field.

SEC. 6. The home club shall have at least a dozen regulation balls on the field during each championship game, ready for use on the call of the umpire.

The Bat.

RULE 15. The bat must be round, not over two and three-fourth inches in diameter at the thickest part, nor more than 42 inches in length and entirely of hardwood, except that for a distance of 18 inches from the end, twine may be wound around or a granulated substance applied to the handle.

Number of Players in a Game.

RULE 16. The players of each club, actively engaged in a game at one time, shall be nine in number, one of whom shall act as captain; and in no case shall more or less than nine men be allowed to play on a side in a game.

Positions of the Players.

RULE 17. The players may be stationed at any points of the field their captain may elect, regardless of their respective positions, except that the pitcher, while in the act of delivering the ball to

the bat, must take his position as defined in Rules 9 and 30; and the catcher must be within the lines of his position as defined in Rule 3 and within 10 feet of home base, whenever the pitcher delivers the ball to the bat.

Each bench must be covered with a roof and closed at the back and each end; a space, however, not more than six (6) inches wide may be left under the roof for ventilation. All players and substitutes of the side at bat must be seated on their team's bench, except the batsman, base-runners and such as are legally assigned to coach base-runners. Under no circumstances shall the umpire permit any person except the players and substitutes in uniform and the manager of the team entitled to its exclusive use to be seated on a bench.

Penalty for Violation.

SEC. 2. Whenever the umpire observes a violation of the preceding section, he shall immediately order such player or players as have disregarded it to be seated. If the order be not obeyed within one minute the offending player or players shall be fined \$5.00 each by the umpire. If the order be not then obeyed within one minute, the offending player or players shall be debarred from further participation in the game, and shall be obliged to forthwith leave the playing field.

RULE 22. Every championship game must be commenced not later than two hours before sunset and shall continue until each team has had nine innings, provided, however, that the game shall terminate:

SEC. 2. If the side last at bat in the ninth inning scores the winning run before the third man is out.

SEC. 3. If the game be called by the umpire on account of darkness, rain, fire, panic, or for other cause which puts patrons or players in peril.

Extra-Inning Games.

RULE 23. If the score be a tie at the end of nine (9) innings for each team, play shall be continued until one side has scored more runs than the other in an equal number of innings, provided, that if the side last at bat score the winning run before the third man is out in any inning after the ninth, the game shall terminate.

Drawn Games.

RULE 24. A drawn game shall be declared by the umpire if the score is equal on the last even inning played when he terminates play in accordance with Rule 22, Section 3, after five or more equal innings have been played by each team. But if the side that went second to bat is at the bat when the game is terminated, and has scored the same number of runs as the other side, the umpire shall declare the game drawn without regard to the score of the last equal inning.

Called Games.

RULE 25. If the umpire calls a game in accordance with Rule 22, Section 3, at any time after five innings have been completed, the score shall be that of the last equal innings played, except that if the side second at bat shall have scored in an unequal number of innings, or before the completion of the unfinished inning, at least one run more than the side first at bat, the score of the game shall be the total number of runs each team has made.

Forfeited Games.

RULE 26. A forfeited game shall be declared by the umpire in favor of the club not in fault, in the following cases:

SECTION 1. If the team of a club fail to appear upon the field, or being upon the field, refuse to begin a game for which it is scheduled or assigned, within five minutes after the umpire has called "Play" at the hour for the beginning of the game, unless such delay in appearing, or in commencing the game, be unavoidable.

SEC. 2. If, after the game has begun, one side refuse to continue to play, unless the game has been suspended or terminated by the umpire.

SEC. 3. If, after play has been suspended by the umpire, one side fails to resume playing in one minute after the umpire has called "Play."

SEC. 4. If a team employ tactics palpably designed to delay the game.

SEC. 5. If, after warning by the umpire, any one of the rules of the game be wilfully and persistently violated.

SEC. 6. If the order for the removal of a player, as authorized by Rules 21, 58 and 64, be not obeyed within one minute.

SEC. 7. If, because of the removal of players from the game by the umpire, or for any cause, there be less than nine players on either team.

SEC. 8. If, when two games are scheduled to be played in one afternoon, the second game be not commenced within ten minutes of the time of the completion of the first game. The umpire of the first game shall be the timekeeper.

SEC. 9. In case the umpire declare the game forfeited, he shall transmit a written report thereof to the president

of the League within twenty-four hours thereafter. However, a failure on the part of the umpire to so notify the president shall not affect the validity of his award of the game by forfeiture.

No Game.

RULE 27. "No game" shall be declared by the umpire if he terminates play in accordance with Rule 22, Sec. 3, before five innings are completed by each team. Provided, however, that if the club second at bat shall have made more runs at the end of its fourth inning than the club first at bat has made in five completed innings of a game so terminated, the umpire shall award the game to the club having made the greater number of runs, and it shall count as a legal game in the championship record.

RULE 28. SECTION 1. Each side shall be required to have present on the field during a championship game a sufficient number of substitute players in uniform, conforming to the suits worn by their team-mates, to carry out the provisions of this code which requires that not less than nine players shall occupy the field in any inning of the game.

SEC. 2. Any such substitute may at any stage of the game take the place of a player whose name is in his team's batting order, but the player whom he succeeds shall not thereafter participate in that game.

SEC. 3. A base-runner shall not have another player whose name appears in the batting order of his team run for him except by the consent of the captain of the other team.

Choice of Innings—Fitness of Field for Play.

The choice of innings shall be given to the captain of the home club, who shall be the sole judge of the fitness of the ground for beginning a game after a rain; but, after play has been called by the umpire, he alone shall be the judge as to the fitness of the ground for resuming play after the game has been suspended on account of rain, and when time is so called the ground-keeper and sufficient assistants shall be under the control of the umpire for the purpose of putting the ground in proper shape for play, under penalty of forfeiture of the game by the home team.

THE PITCHING RULES.

SEC. 2. The umpire shall call a ball on the pitcher each time he delays the game by failing to deliver the ball to the batsman for a longer period than 20 seconds, excepting that at the commencement of each inning, or when a pitcher relieves another, the pitcher may occupy one minute in delivering not to exceed five balls to the catcher or an infielder, during which time play shall be suspended.

SEC. 2. Whenever a block occurs the umpire shall declare it, and base runners may run the bases without liability to be put out until the ball has been returned to and held by the pitcher in his position.

SEC. 3. If the person not engaged in the game should retain possession of a blocked ball, or throw or kick it beyond the reach of the fielders, the umpire shall call "Time" and require each base runner to stop at the base last touched by him until the ball be returned to the pitcher in his position and the umpire shall have called "Play."

The triangular space back of the home base is reserved for the exclusive use of the umpire, catcher and batsman, and the umpire must prohibit any player of the side "at bat" from crossing the same at any time while the ball is in the hands of the pitcher or catcher, or passing between them while standing in their positions.

Fielder Has Right of Way.

RULE 43. The players of the side at bat must speedily abandon their bench and hasten to another part of the field when by remaining upon or near it they or any of them would interfere with a fielder in an attempt to catch or handle a thrown or a batted ball.

The point at which a fence or stand is less than 235 feet from the home base shall be plainly indicated by a white or black sign or mark for the umpire's guidance.

But only the proper batsman shall be declared out, and no runs shall be scored or bases run because of any act of the improper batsman. Provided, this rule shall not be enforced unless the out be declared before the ball be delivered to the succeeding batsman. Should the batsman declared out under this section be the third hand out and his side be thereby put out, the proper batsman in the next inning shall be the player who would have come to bat had the players been put out by ordinary play in the preceding inning.

SEC. 2. If he fail to take his position within one minute after the umpire has called for the batsman.

SEC. 3. If he make a foul hit other than a foul tip, as defined in Rule 46, and the ball be momentarily held by a fielder before touching the ground; provided, it be not caught in a fielder's cap, protector, pocket or other part of his uniform, or strike some object other than a fielder before being caught.

He can only acquire the right to a base by touching it, before having been put out, and shall then be entitled to hold such base until he has legally touched the next base in order, or has been legally forced to vacate it for a succeeding base runner. However, no base runner shall score a run to count in the game ahead of the base runner preceding him in the batting order, if there be such preceding base runner who has not been put out in that inning.

When the Batsman Becomes a Base-Runner.

RULE 53. SECTION 1. Instantly after he makes a fair hit.

SEC. 2. Instantly after "Four Balls" have been called by the umpire.

SEC. 3. Instantly after "Three Strikes" have been declared by the umpire.

SEC. 2. If the umpire awards to a succeeding batsman a base on four balls, or for being hit by a pitched ball, or being interfered with by the catcher in striking at a pitched ball and the base runner be thereby forced to vacate the base held by him.

SEC. 4. If a ball delivered by the pitcher pass the catcher and touch the umpire or any fence or building within ninety (90) feet of the home base.

SECTION 1. If the umpire declares any foul not legally caught.

SEC. 2. If the umpire declares a foul strike.

SEC. 3. If the umpire declares a dead ball, unless it be also the fourth unfair ball, and he be thereby forced to take the next base, as provided in Rule 54, Section 2.

SEC. 5. If a pitched ball at which the batsman strikes but misses, touch any part of the batsman's person.

SEC. 6. In any and all of these cases the base runner is not required to touch the intervening bases in returning to the base he is legally entitled to.

When Base Runners are Out.

The base runner is out:

RULE 56. SECTION 1. If, after three strikes have been declared against him while the batsman, the third strike ball be not legally caught and he plainly attempts to hinder the catcher from fielding the ball.

SEC. 2. If, having made a fair hit while batsman, such fair hit ball be momentarily held by a fielder before touching the ground or any object other than a fielder; pro-

vided, it be not caught in a fielder's hat, cap, protector, pocket or other part of his uniform.

SEC. 3. If, when the umpire has declared "Three Strikes" on him while the batsman, the third strike ball be momentarily held by a fielder before touching the ground; provided, it be not caught in a fielder's cap, protector, pocket or other part of his uniform, or touch some object other than a fielder before being caught.

SEC. 4. If, after three strikes or a fair hit, he be touched with the ball in the hand of a fielder before he shall have touched first base.

SEC. 6. If, in running the last half of the distance from home base to first base, while the ball is being fielded to first base, he run outside the three foot lines, as defined in Rule 7, unless he do so to avoid a fielder attempting to field a batted ball.

SEC. 7. If, in running from first to second base, from second to third base, or from third to home base, he run more than three feet from a direct line between a base and the next one in regular or reverse order to avoid being touched by a ball in the hands of a fielder. But in case a fielder be occupying a base runner's proper path in attempting to field a batted ball, then the base runner shall run out of direct line to the next base and behind said fielder and shall not be declared out for so doing.

SEC. 8. If he fail to avoid a fielder attempting to field a batted ball, in the manner described in Sections 6 and 7 of this rule, or in any way obstruct a fielder in attempting to field a batted ball, or intentionally interfere with a thrown ball; provided, that if two or more fielders attempt to field a batted ball, and the base runner come in contact with one or more of them, the umpire shall determine which fielder is entitled to the benefit of this rule, and shall not decide the base runner out for coming in contact with a fielder other than the one the umpire determines to be entitled to field such batted ball.

SEC. 9. If at any time while the ball is in play, he be touched by the ball in the hands of a fielder, unless some part of his person be touching the base he is entitled to occupy; provided, however, that the ball be held by the fielder after touching him, unless the base runner deliberately knock it out of his hand.

SEC. 10. If, when a fair or foul hit ball (other than a foul tip as defined in Rule 46) be legally caught by a fielder, such ball be legally held by a fielder on the base occupied by the base runner when such ball was batted, or the base runner be touched with the ball in the hands of a fielder, before he retouch such base after such fair or foul hit ball was so caught; provided, that the base runner shall not be out in such case, if, after the ball was legally caught as above, it be delivered to the bat by the pitcher before the fielder hold it on said base, or touch the base runner out with it; but if the base runner, in attempting to reach a base, detach it from its fastening before being touched or forced out, he shall be declared safe.

SEC. 11. If, when the batsman becomes a base runner, the first base, or the first and second bases, or the first, second and third bases be occupied, any base runner so occupying a base shall cease to be entitled to hold it, and may be put out at the next base in the same manner as in running to first base, or by being touched with the ball in the hands of a fielder at any time before any base runner following him in the batting order be put out, unless the umpire should decide the hit of the batsman to be an in-field fly.

SEC. 12. If a fair hit ball strike him before touching a fielder, and, in such case, no base shall be run unless necessitated by the batsman becoming a base runner, but no run shall be scored or any other base runner put out until the umpire puts the ball back into play.

SEC. 13. If, when advancing bases, or forced to return to a base, while the ball is in play, he fail to touch the intervening base or bases, if any, in the regular or reverse order, as the case may be, he may be put out by the ball being held by a fielder on any base he failed to touch, or by being touched by the ball in the hands of a fielder in the same manner as in running to first base; provided, that the base runner shall not be out in such case if the ball be delivered to the bat by the pitcher before the fielder hold it on said base or touch the base runner with it.

SEC. 14. If, when the umpire call "Play," after the suspension of a game, he fail to return to and touch the base he occupied when "Time" was called before touching the next base; provided, the base runner shall not be out, in such case, if the ball be delivered to the bat by the pitcher, before the fielder hold it on said base or touch the base runner with it.

SEC. 15. If with one or no one out and a base runner on third base, the batsman interferes with a play being made at home plate.

SEC. 16. If he pass a base runner who is caught between two bases, he shall be declared out immediately upon passing the preceding base runner.

Overrunning First Base.

SEC. 17. The base runner in running to first base may overrun said base after touching it in passing without incurring liability to be out for being off said base, provided he return at once and retouch the base, after which he may be put out as at any other base. If, after overrunning first base, he turn in the direction of or attempt to run to second base, before returning to first base, he shall forfeit such exemption from liability to be put out.

SEC. 18. If, before two hands are out and while third base is occupied, the coacher stationed near that base shall run in the direction of home base on or near the base line while a fielder is making or trying to make a play on a batted ball not caught on the fly, or on a thrown ball, and thereby draws a throw to home base, the base runner entitled to third base shall be declared out by the umpire for the coacher's interference with and prevention of the legitimate play.

SEC. 19. If one or more members of the team at bat stand or collect at or around a base for which a base runner is trying, thereby confusing the fielding side and adding to the difficulty of making such play, the base runner shall be declared out for the interference of his team mate or team mates.

SEC. 20. If he touch home base before a base runner preceding him in the batting order, if there be such preceding base runner, lose his right to third base.

Not more than two coaches, who must be players in the uniform of the team at bat, shall be allowed to occupy the space between the players' and the coaches' lines, one near first and the other near third base, to coach base runners. If there be more than the legal number of coaches or this rule be violated in any respect the captain of the opposite side may call the attention of the umpire to the offense, and thereupon the umpire must order the illegal coacher or coaches to the bench, and if his order be not obeyed within one minute, the umpire shall assess a fine of \$5.00 against each offending player, and upon a repetition of the offense, the offending player or players shall be debarred from further participation in the game, and shall leave the playing field forthwith.

A force-out can be made only when a base runner legally loses the right to the base he occupies and is thereby obliged to advance as the result of a fair hit ball not caught on the fly.

UMPIRE AND HIS DUTIES.

Power to Enforce Decisions.

The umpire is the representative of the
RULE 60. League and as such is authorized and required to enforce each section of this code. He shall have the power to order a player, captain or manager to do or omit to do any act which in his judgment is necessary to give force and effect to one or all of these rules, and to inflict penalties for violations of the rules as hereinafter prescribed.

There shall be no appeal from any decision of the umpire on the ground that he was not correct in his conclusion as to whether a batted ball was fair or foul, a base runner safe

or out, a pitched ball a strike or ball, or on any other play involving accuracy of judgment, and no decision rendered by him shall be reversed, except that he be convinced that it is in violation of one of these rules. The captain shall alone have the right to protest against a decision and seek its reversal on a claim that it is in conflict with a section of these rules.

Penalties for Violations of the Rules.

RULE 64. In all cases of violation of these rules, by either a player or manager, the penalty for the first offense shall be a fine by the umpire of \$5.00, and, for a second offense, prompt removal of the offender from the game or grounds, followed by a period of such suspension from actual service in the club as the president of the League may fix.

Umpire to Report Violations of the Rules.

RULE 65. The umpire shall within twelve hours after fining or removing a player from the game, forward to the president a report of the penalty inflicted and the cause therefor.

RULE 66. Immediately upon being informed by the umpire that a fine has been imposed upon any manager, captain or player, the president shall notify the person so fined and also the club of which he is a member; and, in the event of the failure of the person so fined to pay to the secretary of the League the amount of said fine within five days after notice, he shall be debarred from participating in any championship game or from sitting on a player's bench during the progress of a championship game until such fine be paid.

When the offense of the player debarred

RULE 67. from the game be of a flagrant nature, such as the use of obscene language or an assault upon a player or umpire, the umpire shall within four hours thereafter forward to the president of the League full particulars.

Warning to Captains.

The umpire shall notify both captains before the game, and in the presence of each other, that all the playing rules will be strictly and impartially enforced, and warn them that failure on their part to co-operate in such enforcement will result in offenders being fined, and, if necessary to preserve discipline, debarred from the game.

On Ground Rules.

Before the commencement of a game the

RULE 69. umpire shall see that the rules governing all the materials of the game are strictly observed. He shall ask the captain of the home club whether there are any special ground rules, and if there be he shall acquaint himself with them, advise the captain of the visiting team of their scope and see that each is duly enforced, provided that it does not conflict with any of these rules.

Official Announcements.

The umpire shall call "Play" at the hour

RULE 70. appointed for the beginning of a game, announce "Time" at its legal interruption and declare "Game" at its legal termination.

Suspension of Play.

The umpire shall suspend play for the

RULE 71. following causes:

1. If rain fall so heavily as to cause the spectators on the open field and open stands to seek shelter, in which case he shall note the time of suspension, and should rain fall continuously for thirty minutes thereafter he shall terminate the game.

2. In case of an accident which incapacitates him or a player from service in the field, or in order to remove from the grounds any player or spectator who has violated

the rules, or in case of fire, panic or other extraordinary circumstances.

Call of Time.

In suspending play from any legal cause
RULE 72. the umpire shall call "Time"; when he calls "Time," play shall be suspended until he calls "Play" again, and during the interim no player shall be put out, base be run or run be scored. "Time" shall not be called by the umpire until the ball be held by the pitcher while standing in his position.

Decisions on Balls and Strikes.

The umpire shall call and count as a
RULE 73. "ball" any unfair ball delivered by the pitcher to the batsman. He shall also call and count as a "strike" any fairly delivered ball which passes over any portion of the home base, and within the batsman's legal range as defined in Rule 31, whether struck at or not by the batsman; or a foul tip which is caught by the catcher standing within the lines of his position, within 10 feet of the home base; or which, after being struck at and not hit, strike the person of the batsman; or when the ball be bunted foul by the batsman; or any foul hit ball not caught on the fly unless the batsman has two strikes, provided, however, that a pitched ball shall not be called or counted a "ball" or "strike" by the umpire until it has passed the home plate.

If but one umpire be assigned, his duties
RULE 74. and jurisdiction shall extend to all points, and he shall be permitted to take his stand in any part of the field that in his opinion will best enable him to discharge his duties.

Field Rules.

No person shall be allowed upon any
RULE 75. part of the field during the progress of a game except the players in uniform, the manager of each side, the umpire, such officers of the law as may be present in uniform, and such watchmen of the home club as may be necessary to preserve the peace.

No manager, captain or player shall address the spectators during a game except
RULE 76. in reply to a request for information about the progress or state of the game.

RULE 77. Every club shall furnish sufficient police force to preserve order upon its own grounds, and in the event of a crowd entering the field during the progress of a game, and interfering with the play in any manner, the visiting club may refuse to play until the field be cleared. If the field be not cleared within 15 minutes thereafter, the visiting club may claim and shall be entitled to the game by a score of nine runs to none (no matter what number of innings has been played).

General Definitions.

RULE 78. "Play" is the order of the umpire to begin the game or to resume it after its suspension.

RULE 79. "Time" is the order of the umpire to suspend play. Such suspension must not extend beyond the day.

RULE 80. "Game" is the announcement of the umpire that the game is terminated.

RULE 81. "An inning" is the term at bat of the nine players representing a club in a game and is completed when three of such players have been legally put out.

RULE 82. "A Time at Bat" is the term at bat of a batsman. It begins when he takes his position, and continues until he is put out or becomes a base runner. But a time at bat shall not be charged against a batsman who is awarded first base by the umpire for being hit by a pitched ball, or on called balls, or when he makes a sacrifice hit, or for interference by the catcher.

RULE 83. "Legal" or "Legally" signifies as required by these rules.

THE SCORING RULES.

RULE 84. To promote uniformity in scoring championship games the following instructions are given and suggestions and definitions made for the guidance of scorers, and they are required to make all scores in accordance therewith.

The Batsman's Record.

RULE 85. SECTION 1. The first item in the tabulated score, after the player's name and position, shall be the number of times he has been at bat during the game, but the exceptions made in Rule 82 must not be included.

SEC. 2. In the second column shall be set down the runs, if any, made by each player.

SEC. 3. In the third column shall be placed the first base hits, if any, made by each player.

The Scoring of Base Hits.

SEC. 4. A base hit shall be scored in the following cases.

When the ball from the bat strikes the ground on or within the foul lines and out of the reach of the fielders.

When a fair-hit ball is partially or wholly stopped by a fielder in motion, but such player can not recover himself in time to field the ball to first before the striker reaches that base or to force out another base runner.

When the ball be hit with such force to an infielder or pitcher that he can not handle it in time to put out the batsman or force out a base runner. In a case of doubt over this class of hits, a base hit should be scored and the fielder exempted from the charge of an error.

When the ball is hit so slowly toward a fielder that he cannot handle it in time to put out the batsman or force out a base runner.

In all cases where a base runner is retired by being hit by a batted ball, unless batted by himself, the batsman should be credited with a base hit.

When a batted ball hits the person or clothing of the umpire, as defined in Rule 53, Section 6.

In no case shall a base hit be scored when a base runner is forced out by the play.

Sacrifice Hits.

SEC. 5. In the fourth column shall be placed the sacrifice hits.

A sacrifice hit shall be credited to the batsman who when no one is out or when but one man is out, advances a runner a base by a bunt hit, which results in the batsman being put out before reaching first, or would so result if it were handled without error.

(a) A sacrifice hit shall also be credited to a batsman who, when no one is out or when but one man is out, hits a fly ball that is caught but results in a run being scored.

Fielding Records.

SEC. 6. The number of opponents, if any, put out by each player shall be set down in the fifth column. Where the batsman is given out by the umpire for a foul strike, or fails to bat in proper order, the put-out shall be scored to the catcher. In cases of the base runner being declared "out" for interference, running out of line, or on an infield fly, the "out" should be credited to the player who would have made the play but for the action of the base runner or the announcement of the umpire.

SEC. 7. The number of times, if any, each player assists in putting out an opponent shall be set down in the sixth column. An assist should be given to each player who handles the ball in aiding in a run out or any other play of the kind, except the one who completes it.

An assist should be given to a player who makes a play in time to put a runner out, even if the player who could complete the play fail, through no fault of the assisting player.

And generally an assist should be given to each player who handles or assists in any manner in handling the ball from the time it leaves the bat until it reaches the player who makes the put-out, or in case of a thrown ball, to each player who throws or handles it cleanly, and in such a way that a put-out results, or would result if no error were made by a team-mate.

Assists should be credited to every player who handles the ball in the play which results in a base runner being called "out" for interference or for running out of line.

Errors.

SEC. 8. An error shall be given in the seventh column for each misplay which prolongs the time at bat of the batsman or allows a base runner to make one or more bases when perfect play would have insured his being put out. But a wild pitch, a base on balls, a base awarded to a batsman by being struck by a pitched ball, an illegal pitch, a balk and a passed ball, each of which is a battery and not a fielding error, shall not be included in the seventh column.

An error shall not be charged against the catcher for a wild throw in an attempt to prevent a stolen base, unless the base runner advance an extra base because of the error.

An error shall not be scored against the catcher or an

infielder who attempts to complete a double play, unless the throw be so wild that an additional base be gained.

In case a base runner advance a base through the failure of a baseman to stop or try to stop a ball accurately thrown to his base, he shall be charged with an error and not the player who made such throw, provided there were occasion for it. If such throw be made to second base the scorer shall determine whether the second baseman or shortstop shall be charged with an error.

Stolen Bases.

SEC. 9. A stolen base shall be credited to the base runner whenever he advances a base unaided by a base hit, a put-out, a fielding or a battery error.

What a Base Ball Club Needs

It is immaterial what position a ball club occupies, be it a National League team, a minor leaguer or a lot team, the most important article of the game is the ball, and a club should have the best ball made. The

Spalding Official National League Ball—the adopted ball of the National League for over thirty years—is the leader wherever Base Ball is played, and is used by nine-tenths of the organized leagues throughout the world. The price is \$1.50 each, but when ordered by clubs in dozen lots a special club price of \$15.00 a dozen is made. The famous Spalding line of Base Balls includes in addition to the Official National League

Ball fourteen other balls, all well made and bearing the Spalding trade-mark, as follows:

The Spalding "Double Seam" League Ball. This ball is made materials as the National League to last a full game. Price, \$1.50.

with the same care and of the same Ball, but is double stitched; warranted

The Spalding "National Association" Ball. This is a splendid ball, second only to the National League Ball, and is warranted to last a full game under ordinary conditions. Price, \$1.25 each, and in dozen lots to clubs, \$12.00 per dozen.

The "Semi-Pro" League Ball; regulation size and weight; a good ball. Price, \$1.00.

The "City League" Ball; full size and weight; excellent for general practice. Each, 75 cents.

A. G. Spalding & Bros. have always made it a point to satisfy the juniors, and the only complete line in the world for the juniors to use is the Spalding line.

The official ball for the boys is the Spalding Official "National League Jr." This ball is in every respect the same as the Spalding Official National League Ball, except smaller in size. All games played with this Junior League Ball will be recognized as legal. Price, \$1.00.

The "National Association Jr." is same in every way as the "National Association," but smaller in size; it costs 75 cents.

Model

The ball that promises to be a popular one among the juniors this year will be the "Public School League." It is a well made, junior size ball, with horsehide cover. It is one of the best balls for general practice for boys' teams. Price, 50 cents.

The rest of the Spalding line includes the Spalding "Professional," at 50 cents; "King of the Diamond," 25 cents; "Lively Bounder," 25 cents; "Junior Professional," 25 cents; "Boys' Amateur," 10 cents; "Boys' Favorite," 10 cents, and "Rocket," 5 cents.

With such a variety to select from, any team can get a Spalding ball suitable to its needs, and when a Spalding ball is used there is no question of unfairness or irregularity, as the Spalding line is uniformly made and universally recognized as the standard wherever a game is played.

THE BAT

Before starting on a description of the Spalding line of bats, the following article from the New York Evening Journal of February 1, 1903, by Sam Crane, the old-time player and now the Base Ball writer on that publication, will be of interest.

BY SAM CRANE

"Before McGraw left for Los Angeles he went down to the cellars of A. G. Spalding & Bros. and selected a string of bats that spell base hits. Six dozen of them McGraw picked out, and they were all those seasoned fellows that 'zing' whenever the ball is met on the trade mark.

"McGraw, when he selected the bats, said to me: 'It is the bats that tell the story and make ball players. Pitchers may be all right, and I guess they are, but give me the bat I want—the one that feels good to me—and I will make all the other fellows extend their grounds.'

TAKES PLENTY OF BATS.

"Well, Murphy takes down with him to Marlin Springs all those pitcher disturbers, and there is not a big stick in the bunch that don't call for a .300 average. Even Leon Ames has a bat labeled in his name that will produce results—so 'tis said."

The Spalding line of bats is a most complete one. The leader is the Spalding "Gold Medal" Bat. Its popularity has been secured by its superiority. It is perfect in balance and finish and the quality of timber the best; made in light or

dark finish and with plain or taped handle. Price, \$1.00 each, Spalding Boys' "Gold Medal" plain bat, 50 cents. The Spalding "Record" Bat is made from the same models as the Gold Medal bats, but finished in rough and ready style, with no polish—simply the plain oil finish. Packed one

dozen in a crate (assorted lengths from 30 to 35 inches and weights from 36 to 42 ounces). The Record Bat is especially recommended for club use, including college and school teams. Price, \$1.00 each.

As usual, Spalding introduces something new this year—"Players' Autograph" Bats. This line was established to satisfy the ever-increasing demand from players throughout America for bats of the same model as used by the leading batsmen, and they are duplicates of the models of the well known stars, such as Cobb, Chance, Stone, Keeler, Bresnahan and Huggins, and the line has been so selected that it is immaterial what size, weight or length bat a player wants he is sure to hit it in one of the "Autograph" bats. The cost of the "Autograph" bats, plain oil finish, is \$1.00 each; special to clubs, \$10.00 per dozen.

The Spalding "Trade-Mark" bats still retain their old-time popularity, because they are kept up to the high standard set for them in the early days of the game, when they were introduced by A. G. Spalding & Bros. in 1877, and have been recognized for over thirty years as standard by players. No. 3-OT is a wagon tongue ash bat, taped handle, 50 cents; No. 3-O, Wagon Tongue ash bat, plain handle, 50 cents; No. OXT, Axletree bat, taped handle, 35 cents; No. OX, Axletree bat, plain handle, 25 cents.

It is in the Spalding Boys' Bats that A. G. Spalding & Bros. appeal to the youngsters. No. 3X, Junior League bat, plain handle, extra quality ash, spotted burning, 25 cents; No. 3-OB, Boys' Wagon Tongue bat, taped handle, 25 cents; No. 2XB, Boys' bat, good quality ash, 10 cents.

The bat and the ball taken care of, we will now consider other necessary implements, the inflated body protector, for instance. These come in five different styles, ranging in price from \$3.00 to \$8.00; for boys, the "Youths'," well made, costs \$2.50.

MASKS

Spalding's Masks are the best on account of their superior workmanship, and their long experience as manufacturers. With a poor mask, a catcher takes a big risk, when by buying an article that is made right, he saves himself from possible disfigurement for life.

There are no less than fourteen different styles to select from in the Spalding line, beginning with the "Sun Protecting" Mask, used by prominent leaguers, at \$4.00, to the Spalding "Special Soldered" Mask, \$4.00; "Neck Protecting" Mask, \$3.50; "National Association" Mask, \$2.50; "Semi-Pro League" Mask, black finish, \$2.50, and the "Regulation League," three different styles, \$2.00 and \$1.75 in black wire, and \$1.50 in bright wire.

The younger players have five different masks to select from. Spalding's "Amateur," \$1.00; "Boys' Amateur," black wire, \$1.00; "Regulation" Mask, 75 cents; "Youths'" Mask, 50 cents, and No. "D," slightly smaller than the Youths' mask, 25 cents.

Spalding now makes a special mask for umpires which combines the neck-protecting arrangement and a special ear protection. It costs \$5.00, and is the safest mask for an umpire to wear,

A coat is a necessary part of the equipment of a team. Spalding Base Ball Coats are made in four grades, and will be furnished in stock colors. The Spalding Vest Sweater, No. VG, is very popular with ball players. Best quality worsted, heavy weight, pearl buttons, price, \$6.00 each; Boys' Jacket Sweater, No. BRC, all wool, in gray only, \$2.50 each; Spalding Ribbed Coat Sweater, No. CDW, made of very good quality worsted, ribbed knit, in gray only, costs \$5.00 each.

The Spalding T Shirt is the most comfortable garment ever designed for base ball pitchers, and is especially serviceable during the early spring and late fall games; all wool merino, fleece lined, with roll collar and long sleeves, \$3.50 each.

The Spalding measurement blank and a complete lot of samples and prices of uniforms will be sent free to any address upon request. To save time, write to the nearest Spalding store, a list of which can be found on the inside front cover.

UNIFORMS

The Spalding line of Uniforms includes eight different grades, and is the only complete line of uniforms that a ball player has to select from. Catering to the highest class of ball players, Spalding is naturally in a position to give an amateur team the highest class of goods at the lowest prices, and made in a way that experienced base ball tailors can effect. The highest grade made is the No. 0 Uniform, in fifteen different colors. The blue check, red stripe and green stripe present new features for uniforms, and are meeting with excellent favor among different clubs. Price, \$12.50 each when ordered for team.

Spalding No. M Uniform, the Minor League Uniform, is for a club that desires a medium price uniform that is sure to give them good service. It is without doubt one of the strongest and most durable uniforms at the price and cannot be equaled. Team suits, \$7.50 each.

What a Base Ball Player Needs

Twenty-three styles of Catchers' Mitts—and every one a winner—comprises the Spalding line for 1908. Every catcher, no matter what pet ideas about a mitt he may have, will find them embodied in some particular style of a Spalding Mitt. As Spalding's have a store in every city of the National League and American League circuits, they are naturally the headquarters for Base Ball and are continually receiving suggestions from all of the leading players, who visit the stores to get their equipment.

Space does not permit much more than a list of names and prices, but no boy should fail to send for a copy of the Spalding Base Ball Catalogue, which contains pictures,

prices and descriptions of everything new in Base Ball. Write to the nearest Spalding store (see inside front cover for list) and the catalogue will be sent by return mail, free of charge.

The very best Catchers' Mitt made is the Spalding No. 9-0 Mitt, called the "Three-and-Out." This is the "last word" in Mitts and is certainly a masterpiece. It costs \$8.00. The balance of the line, each with some particular merit, and the best for the money that can be bought, is as follows:

SHOES

When it comes to outfitting a club with Shoes it is right there that A. G. Spalding & Bros. are at home. The Spalding Shoes are acknowledged to be the best examples of base ball footwear in America to-day.

The best kangaroo leather is used for tops, best white oak leather for soles, and the finest hand-made steel plates. Spalding Shoes are made in the Spalding factory and are “bench made,” meaning that the Shoe is really made throughout by hand by a shoemaker working at a bench in the good old-fashioned way. An ill-fitting shoe is the worst handicap a player can have; it annoys him, makes him slow and afraid to take chances, and in the end causes his release. Spalding’s carry lasts of the leading players and their re-orders from season to season, are a tribute to the worth of the Spalding Shoe.

The Spalding “Highest Quality” Shoe, No. 2-0, is the one that is universally used by the best ball players; it is hand-made throughout, is light and serviceable and makes a ball player feel like playing ball. Price, \$7.00 per pair.

The Spalding “Sprinting” Base Ball Shoe, No. 30-S, is made of selected kangaroo leather and built on the Spalding famous running shoe last, the last that has made Spalding’s running shoes famous. It is strong but light and fits the foot like a glove. The “Sprinting” costs \$7.00 per pair.

The Spalding “Featherweight” Base Ball Shoe, No. FW, is the lightest Base Ball Shoe ever made; it is the shoe that the fast basemen like to wear. Owing to the lightness and fineness of its construction it is suitable for the exacting demands of the fastest players, but is not intended for general use. \$7.00 per pair.

The Spalding “Club Special,” No. 0, is made of carefully selected satin calfskin, and a very substantially constructed shoe in every respect. Price, \$5.00 per pair.

Spalding “Amateur Special,” No. 35. This is the popular one with the amateur players; it is of good quality calfskin, machine sewed; has a long life and gives good service. It is a comfortable shoe and we specially recommend it to amateurs and minor leaguers. Per pair, \$3.50.

Official National League Ball

Is the Standard of the World

It is the Original League Ball

It is the Official League Ball

It is the Universally Adopted League Ball

It is the Best League Ball

IT HAS BEEN FORMALLY ADOPTED AS THE

Official Ball of the National League for over 30 Years

It has also been adopted as the Official Ball for all Championship Games by the following Professional Leagues:

EASTERN LEAGUE for 20 years
NEW ENGLAND LEAGUE for 20 years
NORTHERN LEAGUE for 5 years
WESTERN ASSOCIATION for 11 years
PACIFIC COAST LEAGUE for 5 years

INTER-STATE LEAGUE for 9 years
NEW YORK STATE LEAGUE for 11 years
CENTRAL LEAGUE for 5 years
COTTON STATES LEAGUE for 5 years
INDIANA, ILLINOIS and IOWA LEAGUE for 9 years

and by 22 other Professional Leagues that have adopted the Spalding Official National League Ball from 1 to 4 years.

THE Spalding Official National League Ball was first adopted by the National League in 1878, and is the only ball that has been used in Championship League Games since that time. In the recent great World's Championship Games in Chicago between the Chicago Nationals and the Detroit Americans the Spalding Official National League Ball was used.

IN addition to the different American adoptions, the Spalding Official National League Ball has been made the official ball by the governing Base Ball Associations of Mexico, Cuba, Canada, Australia, South Africa, Great Britain, Philippine Islands, Japan, and, in fact, wherever Base Ball is played. The Spalding Official National League Ball has received this universal adoption because of its well established reputation for uniformity and high quality, but the special object of such adoptions, from the players' standpoint, is to secure absolute uniformity in a ball, that will prevent unfair "jockeying", with an unknown ball, and make National and International Base Ball contests possible, and at the same time make the records of players of value, and uniform throughout the world, which can only be secured by standardizing one well known ball.

The Spalding Official National League Ball

is used by Yale, Harvard, Princeton and all prominent college teams. The soldiers and sailors in the United States Army and Navy use it exclusively. In fact, the Spalding League Ball is in universal use wherever Base Ball is played.

Once in a while a minor league will experiment for a short time with some other ball, but invariably returns to the Spalding Official National League Ball, which has now become universally recognized

Players Autograph Bats

FOR THE PAST THIRTY YEARS or since our Base Ball Bat Factory was established, we have turned out special model bats to suit the leading players of the prominent professional leagues, and our records will show hundreds of different bats made in accordance with the ideas of the individual player, many of whom have been league record-makers.

The models that have been adopted have been duplicated by us from time to time as they have required additional bats, and in hundreds of cases we have been requested to furnish to other players duplicate bats that have been made for and used by well-known players.

In order to satisfy the ever-increasing demand from our customers for bats of the same models as used by leading players, we have obtained permission from many of the leading batters of the country to include in our line of high-grade bats these "Players' Autograph" bats, bearing their signature.

Space will not permit us to include a description of all the various models, but the following models have been selected as examples of what we are producing in this special "Players' Autograph" Bat Department:

Chance Model Cobb Model Bronsman Model Stone Model Huggins Model Keeler Model

<i>Frank L. Chance</i> Autograph Model	This is a very large Bat with a fairly thick handle. Bats supplied will not weigh less than 45 nor over 48 ounces.
<i>Tyne R. Cobb</i> Autograph Model	This is also a large Bat, almost the same length as the Chance Model, but with much less wood, especially in the handle part of the Bat. Bats supplied will not weigh less than 41 nor over 44 ounces.
<i>John O. Bronsman</i> Autograph Model	This is a different shaped Bat than either of above, somewhat shorter, medium thick handle and rounded end. Bats supplied will not weigh less than 41 nor over 43 ounces.
<i>Geo. F. Stone</i> Autograph Model	This Bat is of good bulk, with a medium thick handle. Bats supplied will not weigh less than 40 nor over 42 ounces.
<i>Willie J. Huggins</i> Autograph Model	A short Bat with a small handle, but good bulk in balance of Bat. Bats supplied will not weigh less than 39 nor over 41 ounces.
<i>W. H. Keeler</i> Autograph Model	This model and the Chance Bat touch the two extremes in models and weights used by the great majority of prominent professional players. The Keeler Model is short and has fairly thin handle. Bats supplied will not weigh less than 36 nor over 39 ounces.

No. PA. Plain oil finish. **Price, \$1.00 Each.**

CORRESPONDENCE If you wish any particular model bat, and will describe the bat you require, the length, weight and full description of same, and address any of our branch stores, the matter will be taken up, with the hope of furnishing our customers with the exact model and style and weight of bat that they require. This will come under our Special Players' Autograph Bat Department. This entire department is looked after by the manager of our Professional League Base Ball Department, who is familiar with most of the types of models used by the leading players and to whom will be referred any unusual model. As these bats are made to order only, at least two weeks' time may be required.

**The Nondescript
Manufacturer
says to the
Dealer :**

"Why pay 15 to 20 per cent. more for Spalding Trade Marked Athletic Goods, when I am prepared to furnish you 'Just as good' articles for so much less price?"

**The Substitute
Dealer says
to the Con-
sumer :**

"We are just out of the Spalding article asked for, but here is something 'Just as good' at 25 per cent. less price."

Spalding Cautions the Consumer

to make proper allowances for these "JUST AS GOOD" manufacturers and substitute-dealers' statements, but see to it that the Spalding Trade-Mark is on, or attached, to each Spalding Athletic article; for without this Trade-Mark they are not genuine Spalding Goods.

We are prompted to issue this Caution to users of Spalding's Athletic Goods, for the reason that many defective articles made and sold by these "Just as Good" manufacturers and dealers are returned to us as defective and unsatisfactory, and which the consumer, who has been thus deceived, has asked us to repair or replace under our broad Guarantee, which reads as follows:

We Guarantee to each purchaser of an article bearing the Spalding Trade-Mark that such article will give satisfaction and a reasonable amount of service, when used for the purpose for which it was intended and under ordinary conditions and fair treatment.

We Agree to repair or replace free of charge any such article which proves defective in material or workmanship; PROVIDED such defective article is returned to us, transportation prepaid, during the season in which it was purchased, accompanied by the name, address and a letter from the user explaining the claim.

A.C. Spalding & Bros.

Beware of the "Just as Good" manufacturer, who makes "appearance" first and "Quality" secondary, in order to deceive the dealer; and beware of the substitute-dealer, who completes the fraud by offering the consumer the "Just as Good" article when Spalding's Goods are asked for.

Who are A. G. Spalding & Bros.?

APR 29 1908

ALBERT G. and J. WALTER SPALDING commenced business March 1st, 1876, at Chicago, under the firm name of A. G. Spalding & Bro., with a small capital. Two years later their brother-in-law, William T. Brown, came into the business, and the firm name was then changed to A. G. Spalding & Bros.

The business was founded on the Athletic reputation of Mr. A. G. Spalding, who acquired a national prominence in the realm of Sport, as Captain and Pitcher of the Forest City's of Rockford, Ill. (1865-70), the original Boston Base Ball Club (Champions of the United States, 1871-75), and the Chicago Ball Club (1876-77), first Champions of the National League. He was also one of the original organizers, and for many years a director, of the National League of America, the premier Base Ball organization of the world. Mr. Spalding has taken an important part in Base Ball affairs ever since it became the National Game of the United States at the close of the Civil War in 1865. The returning veterans of that War, who had played the game as a camp diversion, disseminated this new American field sport throughout the country, and thus gave it its national character.

Base Ball Goods were the only articles of merchandise carried the first year. Gradually implements and accessories of Athletic Sports were added, until the firm now manufacture the requisites for all kinds of Athletic Sports. Originally the firm contracted for their supplies from outside manufacturers, but finding it impossible, by this method, to keep the standard of quality up to their high ideals, they gradually commenced the manufacture of their own goods, and by the acquisition from time to time of various established factories located in different parts of the country, are now able

to, and do manufacture in their own factories everything bearing the Spalding Trade-Mark, which stands the world over as a guarantee of the highest quality.

There are over three thousand persons employed in various capacities in A. G. Spalding & Bros.' factories and stores located in all the leading cities of the United States, Canada and England. A capital of over \$4,000,000 is employed in carrying on this business, and the annual sales exceed the total combined annual sales of all other manufacturers in the world making a similar line of goods.

A. G. Spalding & Bros. have always taken a leading part in the introduction, encouragement and support of all new Sports and Games, and the prominence attained by Athletic Sports in the United States is in a very great measure due to the energy, enterprise, and liberality of this progressive concern. They were the pioneers, and in fact the founders, of the Athletic Goods Trade in America, and are now universally recognized as the undisputed Leaders in the Athletic Goods line throughout the world.

The late Marshall Field of Chicago, America's greatest Merchant, speaking of the business of A. G. Spalding & Bros., said: "I am familiar with its early career, growth and development, and when I compare its unpromising outlook and the special field for its operations that existed at its inception in 1876, with its present magnitude, I consider it one of the most remarkable mercantile successes of the world."

The millions of Athletes using them, and the thousands of dealers selling them, attest to the High Quality of Spalding's Athletic Goods, and they must determine the future history of this concern.

A. G. Spalding & Bros.
are the leading manufacturers
of Athletic Goods in the world.
